

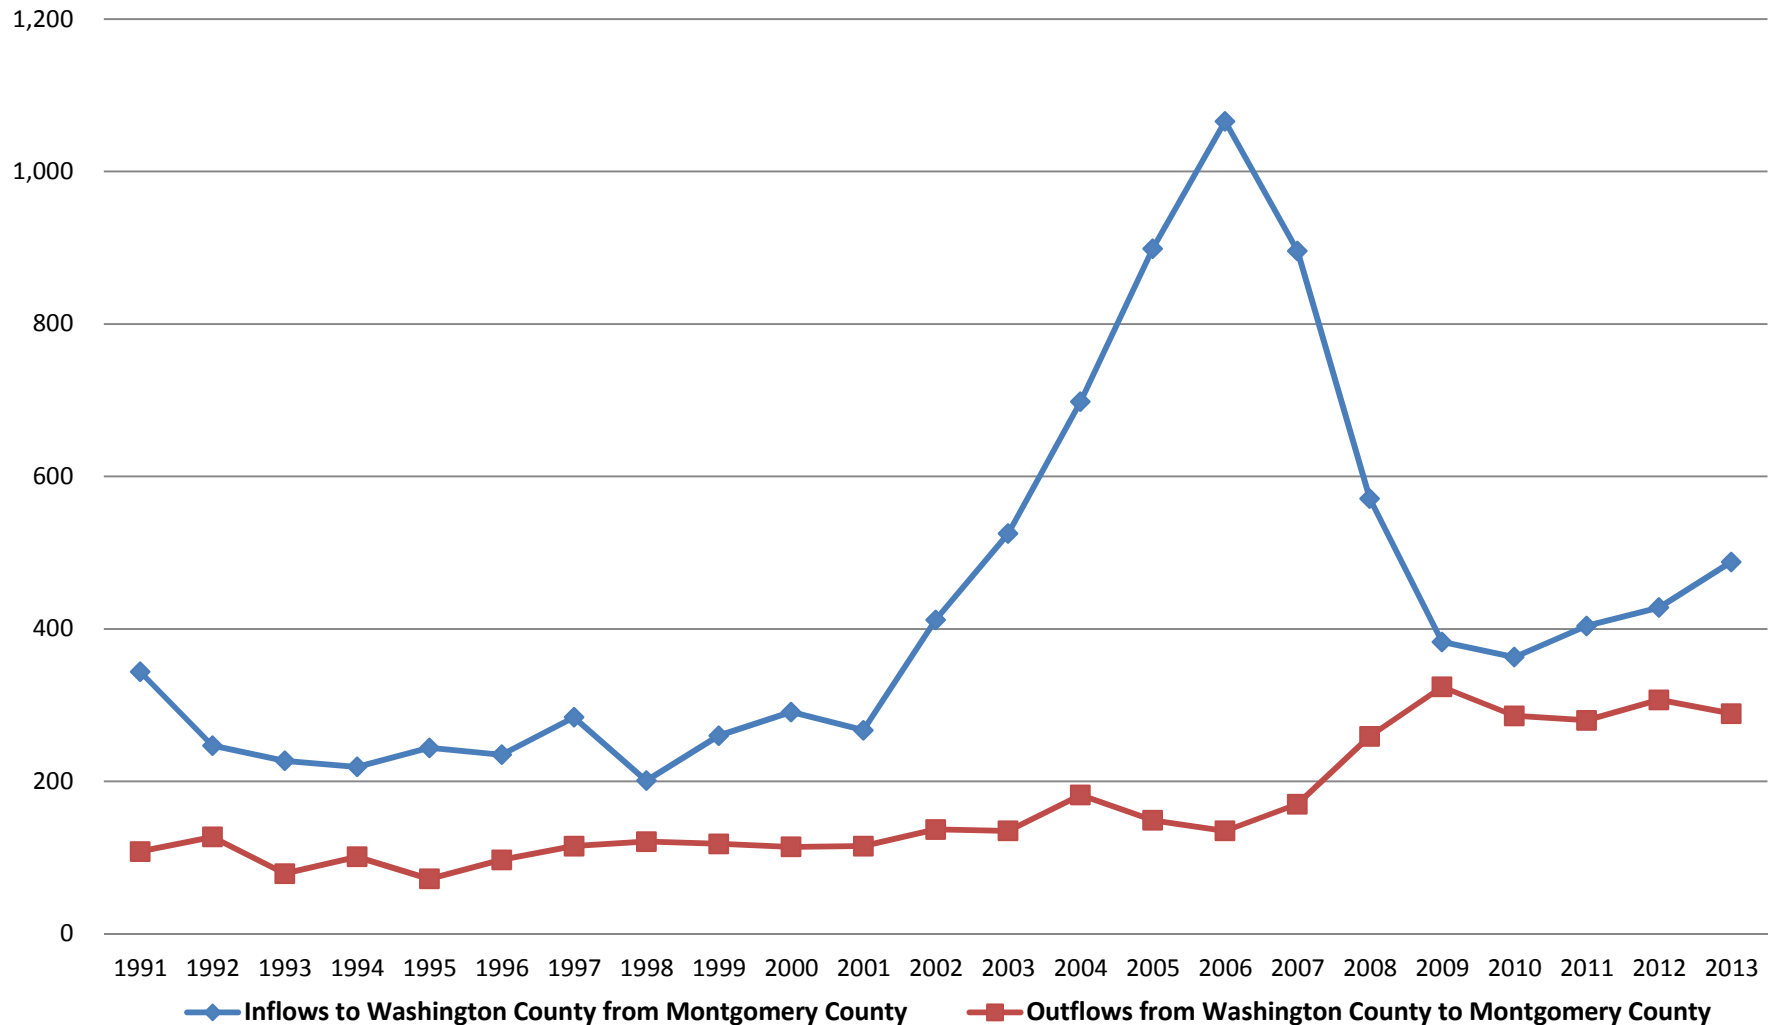

Chart 9. Annual In-Migration from Montgomery Co. to Washington Co. and Out-Migration from Washington Co. to Montgomery Co. *

* In and out migration flows for 2012 and 2013 are not directly comparable to prior years since the data for these two years were based on the analysis of 12-months of tax returns as opposed to approximately 9-months worth of tax returns used for the prior years.

Prepared by the Maryland Department of Planning, from IRS State-to-State migration data, September 2015
